CWAB AWARDS - NOTEWORTHY PROJECTS

Mountain Shadows Resorts

◀ (Left) Biley Menon, Principal Architect and Partner, along with Chitra Biley, Founder, Partner and Principal Landscape Architect at Idea Design, pose with the award.

Mountain Shadows Resorts redefines sustainable luxury by blending eco-sensitive design with disaster resilience. Stilted cottages preserve natural drainage, while reforestation with Nilgiri Biosphere trees restores biodiversity. Inspired by Wayanad's tribal architecture, it uses mud, bamboo, and thatch for authenticity.
